

NANO 2020 Abstract Submission Guidelines

All abstracts submitted for NANO 2020 must follow this guide.

Call for abstracts closes: **8 November 2019**.

The outcome of abstract submissions will be emailed in **February 2020**.

Accepted presenters must be registered for the Conference by **March 2020**.

Abstract submission guidelines:

All abstracts submitted for NANO 2020 must follow these guidelines.

- The abstract must be written in English and submitted through the [online presentation portal](#).

Presentation Title

- The abstract title should be short, informative and contain the main keywords.
- **Format:** Title Case, Arial, size 12, bold, centred.

Abstract Body

- The abstract body should define the precise subject of the presentation to an audience. The abstract should state the problem being addressed, the purpose of the paper, basic procedures/methods, main findings and principal conclusions. The abstract body must contain the content of your abstract only. DO NOT include the abstract title, author names or references in the abstract body. DO NOT use equations, figures and references.
- **Format:** Arial, size 11.
- Maximum 300 words.
- **Abbreviations:** Use standard abbreviations only. Within the body of the abstract, when using abbreviations spell out the name in full at the first mention and follow with the abbreviation in parentheses. Abbreviations may be used in the title, provided the name in full is outlined in the body of the abstract.
- Headings should not be included.
- References do not need to be included.

Submitting an abstract via eOrganiser

To submit your abstract, copy and paste the content from your abstract word document into the relevant fields in the online submission portal. Alternatively, you can type directly into the fields within the portal.

Once all fields have been completed, click **Preview and Submit** to generate a final preview of the abstract. Once you are satisfied with your preview click **Submit** to complete the abstract submission process.

Once submitted a PDF copy of your abstract will be sent to you via email. This should be reviewed to ensure the accuracy of the submission. Please check junk or spam folders if not received in your inbox. Please contact nano2020@engineersaustralia.org.au if a confirmation email is not received upon abstract submission.

Presentation Types

The following presentation types are available:

Oral presentation

An oral presentation consists of a brief talk and question and answer time. Presentation slides, video clips and props are encouraged but not compulsory.

Poster presentation

A poster presentation consists of visual information (photos, graphics, text, tables and figures) that will be exhibited at the Convention in a poster format.

Symposia Topics

All abstracts must be submitted under the relevant symposia topic:

- A. Nanostructure in Light Alloys
- B. Nanostructure in High Entropy Alloys
- C. Nanostructured Metallic Materials with Multifunctional Properties
- D. Heterogeneous and Gradient Metallic Nanomaterials
- E. Nanostructure of Additively Manufactured Materials
- F. Advanced Nanocharacterization
- G. Bulk Metallic Glasses, Nanocomposites and Nanomechanics
- H. Magnetic Nanomaterials for Applications
- I. Nanomaterials for Electronics, Photonics and Optoelectronics
- J. Nanomaterials for Sensors and Flexible Electronics
- K. Carbon Nanomaterials
- L. Nanomaterials for Energy Applications
- M. Nanomaterials and Nanotechnologies for Environmental Applications
- N. Data-driven Nanomaterials Design
- O. Nano-biomaterials, Nano-bionic and Biomedical Applications
